My name is Chanapat Chintana, graduated from Sirindhorn International Institute of Technology (SIIT), Faculty of Civil Engineer, Thammasat University. I used to work as a main contractor called Well Graded Engineering Co.Ltd as a Site Engineer (Structural), which responsible in overall Structural of Fine Arts Department Office Building.

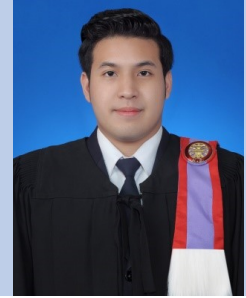

I worked at Well Graded Engineering Co.Ltd for 13 months from October 2016 to October 2017. During the 1-year-work, the project I owned was Fine Arts Department Office Building. This build consists of 11 floors with 2 basements and also including deck floor. My responsibility covered all of structure process since Foundation to Deck Floors. My job description were to control quality of sub-contractor work by base on theory of engineering and conduct requirement of consult or owner, manage the construction plans in details in order to manage the construction time to correspond with the master plan, estimate materials for the purchase requirement, cooperate with several departments such as machinery, purchasing, sub-contractor, material supplies, and consultant. And also, did the documents for the work permit and other requests including the payment of sub-contractors.

I am seeking new challenging projects and am keen to put my acquired knowledge upon the improvement of your company. What I bring to the position is a combination of work aspirations, team leadership and attention to detail.

My resume and portfolio are enclosed for your review. I am eagerly waiting for your response and I would appreciate the opportunity to further speak with you about the resume review. Please feel free to contact me on 086-660-9923 or at chanapat.mel@gmail.

Thank you for your time and consideration. I look forward to hearing from you soon.
